FROM
SCITON!

moxi™

A GENTLE APPROACH TO RADIANT SKIN

“ I wasn't sure where MOXI was going to fit in my practice. Turns out, it brings a whole new patient - a patient who is younger. I am loving MOXI. So far it is excellent, and patients love it. ”
Jason Pozner, MD

- Opens the door to the prejuvenation patient
- Gentle treatments for vibrant refreshed looking skin
- Quick comfortable treatments with little-to-no downtime

TRANSFORM YOUR PRACTICE... AND YOUR PATIENTS WITH THE LATEST INNOVATION BY SCITON

BBL
★★HERO★★

BBL uses photothermal energy to gently heat skin, targeting cells to improve the appearance of the face, neck, hands, and body – resulting in younger looking skin anywhere.

moxi[™]

MOXI delivers fractionated micro thermal zones of non-ablative laser energy to improve the appearance of pigment, irregularities, and texture.

mjoule[™]

The same great JOULE[™] you know and love in a small expandable dual module platform.

- MOXI[™] unlocks the power of the prejuvenation market
- BBL[™] HERO delivers world-renowned results anywhere on the body
